Taylor reel Monster Reels are manufactured from virgin high-impact polystyrene.
 Blue reel part nbr suffix **-AS** for anti-static Staticide 3000G coating with 10^{11} ohms/square inch resistivity.
 White reel part nbr suffix **-AWT** anti-static impregnated in the polystyrene during manufacturing 10^{12} ohms/square.
 Black reel part nbr suffix **-BC** conductive carbon is completely encapsulated in the thermoplastic 10^4 to 10^5 ohms/square.
 Contains no CFCs, lead or mercury.
