Universal QFP Lead Straightener Tool

Order Number 900000

Size 4" x 5.5" (10cm x 14cm)

Universal QFP tool enables you to rework and align bent pins on all sizes QFP and TQFP. Pitch 0.4mm to 1.0mm

Durable metal template includes 46 different QFP patterns.

Use standard hand tools such as dental picks and tweezers to adjust the leads of QFP to match recessed template slots.

Great for recovery of expensive QFP, TQFP and LQFP. An essential workbench tool for the serious tech.

Can also be used at incoming QA to verify the number pins, body size and pitch of unknown QFP components.

Template is constructed of heavy-duty conductive 50 mil (1.27mm) thick stainless steel with 5 mil deep etched recessed patterns that precisely match the leads of the QFP/TQFP.

ESD Safe. Recommended to use on grounded bench pad with wrist strap. Pb-Free RoHS.

Design Patent D512,970
